Albany, New York 12238

Dear Commissioner Ash:

I want to thank you for your many trips to Suffolk County especially those related to the former Kings Park psychiatric institution.

As you know, there has been a great deal of feedback from the community regarding this subject over the last several years. Given that the executive order was issued several years ago to place this site under the auspices of the Parks Department, I believe it would be best to develop any future plans regarding the use of this land as being compatible with the guidelines established by your agency. This would ensure that future development at the site would be both revenue producing and compatible with the beautifully scenic surroundings of that particular locale.

Please feel free to contact me in the future regarding this or any other matter of significance to the people of Suffolk County.

Sincerely,

A handwritten signature in cursive script that reads "Steve Levy". The signature is written in black ink and is positioned above the typed name and title.

Steve Levy  
County Executive of Suffolk County
